### 眠そうに笑うサイ

道芸会と米国・オレゴン陶芸家協会の合同作品展「土と炎の饗宴」から、暮らしを彩る陶芸作品を5回にわたり紹介する。

少し眠そうに、にたりと笑うサイ。今にも一步、前に進みそう。

「土と炎の饗宴」は札幌芸術の森美術館（札幌市南区芸術の森2の75、☎011・591・0090）で27日まで開催中（会期中無休）。

不思議な生命力にあふれている。こんなサイが1匹茶の間の片隅にいたら、家族みんなのアイドルになること間違いなし。マキの灰がつくる色合いの変化が陰影となり、立体感を強調している。

## Sleepy laughing rhino

This five-part exhibition will introduce ceramic works that will add color to your life, from the joint exhibition "Art Fest of Clay and Fire" by the Hokkaido Ceramic Art Association and the Oregon Potters Association.

The rhino smiles slightly sleepily as if he is about to take a step forward. It is filled with a mysterious vitality. If a rhino like this were to be placed in the corner of the living room, it will surely become an idol for the whole family. The varying shades of wood ash create shadows that emphasize the three-dimensional effect.

"Art fest of Earth and Fire" is being held at the Sapporo Art Park Museum (2-75 Art Park, Minami-ku, Sapporo, ☎011.591.0090) until the 27th (open every day during the exhibition period)
